

BENEFITS GUIDE

JANUARY 1, 2026 - DECEMBER 31, 2026

2026

ELIZABETH FIRE PROTECTION DISTRICT

PUBLIC SECTOR HEALTHCARE GROUP AUTHORITY

WELCOME

Thank you for taking the time to learn more about the employee benefits available to you in 2026. Your employer is a member of the Public Sector Health Care Group (PSHCG), an association of like-minded political entities who know the value of employee benefits and more importantly, maintaining your health and income should you become ill or injured. This benefit booklet offers an overview of the key features of the plans. Benefits are more fully described in the formal provisions of the plan documents. If there is a conflict between the highlights and the plan documents, the plan documents govern. If you have questions, please contact Human Resources. We thank you for contributing to our success!

OPEN ENROLLMENT KEY POINTS

It's Open Enrollment time, and that means this is your one opportunity to make your benefit choices for the calendar year, 2026. Outside of a qualifying life event, like marriage or the birth of a child, your benefit selections will remain in place through December 31, 2026. Also, it is important to know that life events only allow you to add or terminate coverage for you or your dependents. They never allow you to change medical insurance plans, if your employer offers a choice. If you do have a life change, please talk with your employer to clear up any questions you have and execute the change within 30 days of the date of your qualifying event.

NEW HIRES

You are eligible to join the benefits once you satisfy the new hire waiting period, which is determined by your employer. Contact Human Resources for more information.

WHO IS ELIGIBLE?

Your employer determines who is a benefit eligible employee within your organization. Check with your HR representative to further clarify their full-time status rules.

Eligible dependents include:

- Your legally married spouse, domestic partner or common law partner
- Dependent children up to age 26 (*adopted children and/or stepchildren*)
- Disabled dependent children over the age of 26 (*Doctor verification required*)

QUESTIONS?

Please contact your HR representative for any questions related to open enrollment and benefits.

🔍 my back hurts

Shop for care like you do everything else.

It's nice to know the price for things like groceries and gas before you get them. With the Surest health plan, you can see the price for health care before you use it, too. The Surest plan is designed to show you actual prices (not estimates) and treatment options to help you make decisions about where and how to get care. If you have a life-threatening condition, call 911 or go to the ER. For everything else, check your Surest account to find physician prices, treatment options, and ways to save before you get care.

Go to **Benefits.Surest.com** or the **Surest app** and search by condition or symptom to find care that fits your health need and budget.

Care options at a glance

LOW
COST

HIGH
COST

Virtual care	See a physician for acute, urgent, primary, mental, or specialty needs. Many virtual care providers are available 24/7. You can get care where and when it's most convenient for you.
Primary care	Care from a physician who may know you best, in-office or telehealth visit
Urgent care	Serious conditions that aren't generally life-threatening
Emergency room	Life- and limb-threatening emergencies

See prices and find care from the palm of your hand.

Illustrative example only. Costs and coverage may vary.

Once you have an account, you can shop for care and find ways to save time and money, especially when you use virtual care. See things like:

- Copay—your price for a visit, treatment, or procedure
- Location information and scheduling details
- What's included in a visit

Need help finding care?

Member Services is available online via chat and email or by calling the number on the back of your Surest member ID card.

Go to **Benefits.Surest.com** or **download the Surest app** to create a Surest account today.

You've got questions. We've got answers.

The **Surest health plan** puts you in the driver's seat so you can search and find the care you need, at prices you can see. When you have questions or need support along the way, our Surest Member Services team is just a click or call away.

Get the free Surest app for help at your fingertips.

From the Surest app or Benefits.Surest.com

Click "Help" from the purple navigation bar.

Email us to get a response within 24 hours.

From your phone

Call 866-683-6440 to speak with a Surest Member Services team member. Available Monday – Friday from 6 am – 9 pm CT.

Clinical advocates

Clinical Advocacy team can help. Our clinical advocates can offer guidance on providers, locations, and treatment options to support all types of care needs — from family planning and physical therapy to cancer treatment and gender affirming support.

To get in touch, call Surest Member Services at 866-683-6440 and ask to speak with a clinical advocate.

Language support

Surest Member Services offers support to members in English and Spanish, as well as 240 other languages via an interpretation service. Call 866-683-6440 and ask to be connected with language support.

PREVENTIVE CARE GUIDELINES

Under the Affordable Care Act (ACA), you can get certain preventive health care services, covered at 100 percent, without any cost to you. Just obtain your preventive care from a health plan network provider. Diagnostic (non-preventive) services are also covered, but you may have to pay a copayment, coinsurance or deductible.

Preventive care guidelines for children:

- Age-appropriate well-child examination
- Anemia screening
- Cholesterol screening for children 24 months and older
- Metabolic screening panel for newborns
- Age-appropriate immunizations
- Vision screening by primary care physician
- Oral health risk assessment by primary care physician
- Fluoride application
- Hearing screening by primary care physician
- Autism and Developmental screening for children under age 3
- Counseling on the harmful effects of smoking and illicit use of drugs
- Counseling for children on promoting improvements in weight
- Screening certain children at high risk for sexually transmitted diseases, lead, depression and tuberculosis

Preventive care guidelines for adults:

- Wellness Examinations
- Well-Women Visits—including routine prenatal visits
- Abdominal Aortic Aneurysm Screening—for age 65-75 years who have ever smoked
- Alcohol Screening and Brief Counseling—screening during wellness examination
- Bacteriuria Screening—during pregnancy
- Blood Pressure Screening—at each wellness examination
- Breastfeeding Primary Care Interventions, Counseling, Support and Supplies—during pregnancy and after birth. Includes personal use of an electric breast pump.
- Cervical Cancer Screening (Pap Smear)—women age 21-65 years old
- Chemoprevention of Breast Cancer, Counseling—for women at high risk of breast cancer
- Chlamydia and Gonorrhea Infection Screening—for sexually active women age 24 and younger
- Cholesterol Screening—for age 40-75 years
- Colorectal Cancer Screening—for age 50-75 years
- Contraceptive Methods—FDA-approved methods of contraception for women
- Depression Screening—for all adults, in a primary care setting
- Diabetes Screening—for age 40-70 who are overweight or obese or for those of any age with a history of gestational diabetes
- Falls Prevention Counseling—during wellness examination, for community-dwelling older adults
- Genetic Counseling and Evaluation for BRCA Testing & BRCA Lab—lab testing requires prior authorization
- Gestational Diabetes Mellitus Screening—during pregnancy
- Healthy Diet Behavioral Counseling—for persons with cardiovascular disease risk factors
- Hepatitis B Virus Infection Screening—for persons at high risk
- Hepatitis C Virus Infection Screening—one-time screening for adults born between 1945-1965 or high risk
- Human Immunodeficiency Virus (HIV) Screening—for all adults
- Human Papillomavirus DNA Testing—for women age 30-65
- Immunizations—FDA approved and have explicit ACIP recommendations for routine use
- Intimate Partner Violence, Interpersonal and Domestic Violence, Counseling and Screening—during wellness examination
- Latent Tuberculosis Infection Screening—for persons at increased risk
- Lung Cancer Screening with Low-Dose CT Scan—for age 55-80 years with at least a 30 pack-year history (prior authorization)
- Mammography Screening
- Obesity Screening and Counseling—at each wellness examination
- Osteoporosis Screening—women age 65 and older, and younger women at increased risk
- Rh Incompatibility Screening—during pregnancy
- Sexually Transmitted Infections, Behavioral Counseling to Prevent—behavioral counseling for adults who are sexually active or otherwise at increased risk, in primary care setting
- Skin Cancer, Behavioral Counseling to Prevent—at each wellness examination, for young adults up to age 24 years
- Syphilis Screening—for adults at increased risk
- Tobacco Cessation, Screening, Behavioral Counseling—screening, and behavioral counseling for adults who smoke

VISIT THE UNITED HEALTHCARE MOBILE APP

**Good care starts
with good
information.**

Remembering the medications you've been prescribed, procedures you've had and conditions you've been treated for isn't always easy. With the new Individual Health Record feature on myuhc.com[®] and the UnitedHealthcare[®] app, you don't have to.

Discussing your health history just got easier.

Your Individual Health Record puts over a year's worth of history—from all of your providers*—in the palm of your hand. So now, each time you visit a doctor, you can bring it along to help ensure they have a better picture of your overall health.

One place provides access to your:

Allergies

Care Team

Conditions

Immunizations

Prescriptions

Procedures

**View your health
history on the spot:**

- Go to myuhc.com > Account/Profile > Individual Health Record.
- Go to UnitedHealthcare app > Menu Icon > Individual Health Record.

*Individual Health Record only applies to care you've received as a UnitedHealthcare member, so newer members will have less history.

Your Individual Health Record only has information on care you've received as a UnitedHealthcare member during a certain timeframe. Information in the Individual Health Record is not a substitute for medical or behavioral health care advice. If you have questions about information in your Individual Health Record, please talk with your doctor or call the IHR Dedicated Service Team toll-free at 1-844-585-1471.

Insurance coverage provided by or through UnitedHealthcare Insurance Company or its affiliates.

VIRTUAL MEDICINE - UHC

Your 24/7 Virtual Visits questions answered

Question	Answer
Are 24/7 Virtual Visits covered by my health plan?	Yes. 24/7 Virtual Visits are covered by your UnitedHealthcare plan when you use one of the provider groups in our 24/7 Virtual Visits network.
How much does it cost?	24/7 Virtual Visits typically cost \$50* or less for UnitedHealthcare members. The actual amount varies by plan and you should check your plan documents to determine your specific out-of-pocket costs.
Do they count toward my deductible?	Yes. Any out-of-pocket costs for your 24/7 Virtual Visit count toward your deductible and yearly out-of-pocket limit.
When and how do I pay?	You pay at the time of the 24/7 Virtual Visit with a credit, debit or health savings account (HSA) card.
I paid for my 24/7 Virtual Visit when I received care, and then I got a reimbursement for that amount from the provider. Why is that?	There are certain benefit plans where UnitedHealthcare automatically pays providers for a member's visit. Because this payment is made after the visit and providers don't know your benefit plan before you visit, you may be required to pay at the time of the visit and then be reimbursed by UnitedHealthcare. For health reimbursement accounts (HRAs), when offered, the platform is set up to reimburse you directly when funds are available. You can check for additional claim payment information by visiting myuhc.com®.
Am I required to have a primary care physician (PCP) in order to have a 24/7 Virtual Visit?	No. You don't need a PCP or even a referral to use a 24/7 Virtual Visit.
Where can I find out what providers are in the 24/7 Virtual Visits network and how do I access them?	You can find providers by signing in to myuhc.com/virtualvisits or using the UnitedHealthcare® app on your mobile device.** You can start a 24/7 Virtual Visit directly from either the website or app.
What happens once I reach the 24/7 Virtual Visit provider group's website?	The first time you use a 24/7 Virtual Visit provider you will set up an account with that provider group. This includes sharing some medical history information, pharmacy preference and insurance information.

*The Designated Virtual Visit Provider's reduced rate for a 24/7 Virtual Visit is subject to change at any time.

**Data rates may apply.

continued

VIRTUAL MEDICINE - UHC

Question	Answer
How long is the wait once I am at the provider group's site?	24/7 Virtual Visits provider groups are generally expected to deliver care within 30 minutes of you submitting a request for a visit. However, the wait may be longer.
What happens during an actual 24/7 Virtual Visit?	At the start of your visit, you will be asked some questions about your current medical concern. From there, you will be connected using secure live audio and video technology to a doctor licensed to deliver care in the state that you are in at the time of your visit. You and the doctor will discuss your medical issue, and the doctor may even write a prescription* for you if appropriate.
If I get a prescription during my 24/7 Virtual Visit, how does it get to my local pharmacy?	Providers submit prescriptions to the pharmacy of your choice electronically. The costs of your prescription will be the same as if you got it from an in-person visit.
Some provider groups list other services like nutrition counseling, lactation services, therapy, etc. Are these covered under my 24/7 Virtual Visits benefit?	Not at this time. Because they aren't covered, if you choose to use them you will be responsible for the full cost of the service and they won't count toward your deductible or out-of-pocket limit.
Will my 24/7 Virtual Visit information be shared with my PCP?	If you provide your PCP information to the 24/7 Virtual Visit provider, your information will be sent to your PCP after your visit. If you don't provide your PCP information to the 24/7 Virtual Visit provider you may need to request the records to share them with your PCP or another care provider.
How safe is the information being shared during a 24/7 Virtual Visit appointment?	24/7 Virtual Visits providers are covered entities under HIPAA and its regulations. These providers have legal requirements to protect and secure confidential patient information. Additional information regarding security and privacy is available at each provider group's website.
Can my child or underage dependent use 24/7 Virtual Visits?	Yes. In general, a parent or legal guardian must be present when the 24/7 Virtual Visit is conducted with a child or underage dependent who is covered by your plan.
Are additional languages (besides English) supported by 24/7 Virtual Visits provider groups?	Yes. Specifics vary by provider group. All provider groups offer some Spanish-speaking physicians, although not in all states. Additional information is available at each provider group's website.
What should I do if I have the UnitedHealthcare app downloaded on my phone but I can't see the 24/7 Virtual Visits content?	You might have to update the app to the latest version.

Access 24/7 Virtual Visits on myuhc.com to learn more

DENTAL - METLIFE

Benefit Summary	
Calendar Year Deductible	\$50 per individual / max \$150 per family
Deductible Applies to	Type II & III
Dental Calendar Year Maximum	\$2,000 per individual in your family
Orthodontia Lifetime Maximum	\$2,000 for children up to age 19
Benefit Summary	
Type I - Diagnostic & Preventive	100%
Type II - Basic Services	80%
Type III - Major Services	50%
Type IV - Orthodontic Services	50%
Endodontics / Periodontics	80%
Benefit Summary	
Waiting Period	Waiting periods only apply for late entrants (members who do not join the plan at their initial enrollment opportunity)

The table above shows the plan details. Please refer to your plan descriptions for a full list of covered services, limitations, and out-of-network coverage.

Features of the PDP Plus Dental Plan:

- Use any dentist (keep in mind, your greatest savings will be with dentists participating in the MetLife PDP Plus network)
- You pay a coinsurance for services
- Preventive cleanings are covered at 100% and may be scheduled every six months
- Orthodontia is covered for dependent children up to age 19

Search for a Dentist Online:

You can search for a dentist online at www.metlife.com/dental. Click on "Find a dentist" on the right-hand side of your screen and follow the prompts on the next screen.

Provider networks change, so it is always a good idea to call and confirm your dentist's participation in the network.

ID Cards: MetLife will not send you an ID card. If you need an ID card, you can request one online. Go to www.metlife.com/dental and log in to your account.

Prescription Glasses	20% Savings
Contact Lenses	15% off evaluation

Please refer to your plan description for full details and out-of-network benefits.

Need to find an eye doctor in the VSP Network?

For a complete list of providers near you, use the VSP Provider Locator on www.vsp.com/eye-doctor. You may also call MetLife at 1-855-MET-EYE-1.

Using your vision benefits:

You will not receive a MetLife ID card. When you schedule your appointment, simply tell them you have VSP for your vision benefits. That's all you need to do!

OCHS - EMPLOYER PAID BASIC LIFE AND AD&D

Life insurance provides financial security for the people who depend on you. Your employer provides a Basic Term Life and AD&D policy for you at no cost. This policy includes an enhanced benefit for Public Safety Officers. View the Bswift Benefits Portal for more information.

BASIC LIFE AGE REDUCTIONS	
AGE	REDUCES TO
65	65%
70	40%
75	20%

OCHS - EMPLOYER PAID BASIC LIFE AND AD&D WITH DEPENDENT LIFE

Employer-paid Basic Life and Accidental Death & Dismemberment (AD&D) insurance for dependents provides coverage for an employee's spouse and/or children at no cost to the employee. In the event of the dependent's death, the life insurance pays a designated amount to the employee.

BASIC LIFE AND AD&D AMOUNTS	
Spouse	\$5,000
Child(ren)	\$2,500

OCHS - VOLUNTARY LIFE / AD&D

VOLUNTARY LIFE AND AD&D	
Voluntary Life/AD&D Max Employee	\$750,000
Voluntary Life/AD&D Max Spouse	\$250,000
Voluntary Life/AD&D Max Children	\$10,000 \$15,000 \$20,000
Guarantee Issue Amount (Only available during your initial enrollment period)	Employee: \$200,000 Spouse: \$30,000 Child(ren) age 14 days to 25: \$20,000

Existing employees who choose to enroll in voluntary life insurance for the first time or increase their current coverage must complete Evidence of Insurability (EOI) and receive underwriting approval for any newly elected amounts.

EMPLOYEE OR SPOUSE SUPPLEMENTAL LIFE AND AD&D	
AGE	RATE PER \$1,000
<25	\$0.11
25-29	\$0.11
30-34	\$0.12
35-39	\$0.14
40-44	\$0.19
45-49	\$0.28
50-54	\$0.43
55-59	\$0.64
60-64	\$0.99
65-69*	\$1.65

*Rates beyond age 69 are available upon request. Rates increase with age and all rates are subject to change.

CHILD LIFE AND AD&D MONTHLY PREMIUMS		
\$10,000	\$15,000	\$20,000
\$1.70	\$2.55	\$3.40

One premium covers all eligible children from age 14 days to age 26

SECURIAN FINANCIAL - SHORT-TERM DISABILITY

Short-Term Disability (STD) insurance can help you replace a portion of your income during the initial weeks of disability.

How is "Disability" defined under the Plan?

You are generally considered disabled and eligible for short-term benefits if, due to illness, pregnancy, or accidental injury, you are under appropriate medical care, following the prescribed treatment, and are unable to earn more than 80% of your pre-disability income in your current occupation.

SHORT-TERM DISABILITY	
BENEFIT PROVISIONS	
Benefit Amount	60%
Maximum Weekly Benefit	\$1,000
Accident Waiting Period	30 days
Sickness Waiting Period	30 days
Benefit Duration	9 weeks

SECURIAN FINANCIAL - LONG-TERM DISABILITY

Long-Term Disability (LTD) insurance can help you replace a portion of your income for an extended period of time.

How is "Disability" defined under the Plan?

To be eligible for long-term disability benefits, you must be considered disabled due to illness or accidental injury. This means you are receiving appropriate care and treatment, adhering to all required medical recommendations, and are unable to earn more than 80% of your pre-disability income in your current occupation, with any employer in your local area.

LONG-TERM DISABILITY	
BENEFIT PROVISIONS	
Benefit Amount	60%
Maximum Monthly Benefit	\$6,000
Elimination Period	90 days

IMPORTANT INFORMATION ABOUT YOUR INSURANCE RIGHTS

SPECIAL ENROLLMENT

Loss of Other Coverage

If you are declining coverage for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward you or your dependents' other coverage). However, you must request enrollment within 30 days after you or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

Marriage, Birth, or Adoption

If you have a new dependent as a result of a marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must apply within 30 days from the date of this event.

Medicaid or CHIP

If you or your dependents lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for a premium assistance subsidy under Medicaid or CHIP, you may be able to enroll yourself and your dependents. You must request enrollment within 60 days of the loss of Medicaid or CHIP coverage or the determination of eligibility for a premium assistance subsidy.

CHIP

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some States have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage but need assistance in paying their health premiums. If you or your dependents are already enrolled in Medicaid or CHIP, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office at www.insurekidsnow.gov or dial toll free 1-877-KIDSNOW to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your employer's health plan is required to permit you and your dependents to enroll in the plan -- as long as you and your dependents are eligible, but not already enrolled in the employer's plan. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.

BREAK TIME FOR NURSING MOTHERS UNDER THE FLSA

Time and Location of Breaks

Employers are required to provide a reasonable amount of break time to express milk as frequently as needed by the nursing mother. The frequency of breaks needed to express milk as well as the duration of each break will likely vary.

A bathroom, even if private, is not a permissible location under the Act. The location provided must be functional as a space for expressing breast milk. If the space is not dedicated to the nursing mother's use, it must be available when needed in order to meet the statutory requirement. A space temporarily available when needed by the nursing mother is sufficient, provided that the space is shielded from view, and free from any intrusion from co-workers and the public.

Coverage and Compensation

Only employees who are not exempt from section 7, which includes the FLSA's overtime pay requirements, are entitled to breaks to express milk. While employers are not required under the FLSA to provide breaks to nursing mothers who are exempt from the requirements of Section 7, they may be obligated to provide such breaks under State Law.

Employers with fewer than 50 employees are not subject to the FLSA break time requirement if compliance with the provision would impose an undue hardship by causing the employer significant difficulty or expense when considered in relation to the size, financial resources, nature, or structure of the employer's business. All employees who work for the covered employer, regardless of work site, are counted when determining whether this exemption may apply.

Employers are not required under the FLSA to compensate nursing mothers for breaks taken for the purpose of expressing milk. However, where employers already provide compensated breaks, an employee who uses that break time to express milk must be compensated in the same way that other employees are compensated for break time. In addition, the FLSA's general requirement that the employee must be completely relieved from duty or else the time must be compensated as work time applies.

NEWBORNS' & MOTHERS' HEALTH PROTECTION ACT OF 1996

The group health coverage provided by Public Sector Health Care Group complies with the Newborns' and Mothers' Health Protection Act of 1996.

Under this law group health plans and health insurance insurers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother of newborn to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother and her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

WOMEN'S HEALTH & CANCER RIGHTS ACT

In October 1998, Congress enacted the Women's Health and Cancer Rights Act of 1998. This notice explains some important provisions of the Act. Please review this information carefully.

As specified in the Women's Health and Cancer Rights Act, a plan participant or beneficiary who elects breast reconstruction in connection with a covered mastectomy is also entitled to the following benefits:

- All stages of reconstruction of the breast on which the mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses and treatment of physical complications of the mastectomy, including lymphedemas

Health plans must provide coverage of mastectomy-related benefits in a manner determined in consultation with the attending physician and the patient. Coverage for breast reconstruction and related services may be subject to deductibles and coinsurance amounts that are consistent with those that apply to other benefits under the plan. Therefore, deductibles and coinsurance apply.

MODEL GENERAL NOTICE OF COBRA CONTINUATION COVERAGE RIGHTS

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

IMPORTANT INFORMATION ABOUT YOUR INSURANCE RIGHTS

- Your hours of employment are reduced
- Your employment ends of any reason other than your gross misconduct

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies
- Your spouse's hours of employment are reduced
- Your spouse's employment ends for any reason other than his or her gross misconduct
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both)
- You become divorced or legally separated from your spouse

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following events:

- The parent-employee dies
- The parent-employee's hours of employment are reduced
- The parent-employee become entitled to Medicare benefits (Part A, Part B, or both)
- The parents become divorced or legally separated
- The child stops being eligible for coverage under the plan as a "dependent child"

When is COBRA Continuation Available?

The plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment, reduction of hours of employment, death of the employee or the employee's becoming entitled to Medicare Benefits (Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

COBRA continuation coverage is a temporary continuation of coverage. The continuation coverage is the same coverage that the Plan gives to other participants or beneficiaries under the Plan who are not receiving continuation coverage. Each qualified beneficiary who elects continuation coverage will have the same rights under the Plan as other participants or beneficiaries under the Plan, including special enrollment rights.

How long will continuation coverage last?

In the case of a loss of coverage due to the end of employment or reduction in hours of employment, coverage generally may be continued for up to a total of 18 months. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation or a dependent child's losing eligibility as a dependent child, COBRA continued coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee last until 36 months after the date of Medicare entitlement. This notice shows the maximum period of continuation coverage available to qualified beneficiaries.

Can you extend the length of an 18 month period of continuation coverage?

If you elect continuation coverage, an extension of the maximum period of coverage may be available if a qualified beneficiary is disabled or a second qualifying event occurs. You must notify Human Resources of a disability or second qualifying event in order to extend the period of continuation coverage. Failure to provide notice of a disability or second qualifying event may affect the right notice of a disability or second qualifying event may affect the right to extend the period of continuation coverage.

Disability: An 11-month extension of coverage may be available if any of the qualified beneficiaries is determined by the Social Security Administration (SSA) to be disabled. The disability has to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Each qualified beneficiary who has elected continuation coverage will be entitled to the 11-month extension if one of them qualifies. If the qualified beneficiary is determined by SSA to no longer be disabled, you must notify the plan of that fact within 30 days after SSA's determination.

Second Qualifying Event: An 18-month extension will be available to spouses and dependent children who elect continuation coverage if a second qualifying event occurs during the first 18 months of continuation coverage. The maximum amount of continuation coverage available when a second qualifying event occurs is 36 months. Such second qualifying events may include the death of a covered employee, divorce or separation from the covered employee, the covered employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), or a dependent child's ceasing to be eligible for coverage as a dependent under the Plan. These events can be a second qualifying event only if they would have caused the qualified beneficiary to lose coverage under the Plan if the first qualifying event has not occurred. You must notify the Plan within 60 days after a second qualifying event occurs if you want to extend your continuation coverage.

Loss of Eligibility for COBRA Continuation Coverage

Continuation coverage will be terminated before the end of the maximum period if any of the following occur:

- Any required premium is not paid in full on time
- A qualified beneficiary becomes covered, after electing continuation coverage, under another group health plan that does not impose any pre-existing condition exclusion for a pre-existing condition of the qualified beneficiary (note: there are limitation on plans' imposing a pre-existing condition exclusion and such exclusion with become prohibited beginning in 2014 under the Affordable Care Act)
- A qualified beneficiary becomes entitled to Medicare benefits (under Part A, Part B, or both) after electing continuation coverage
- The employer ceases to provide any group health plan for its employees

Continuation coverage may also be terminated for any reason the Plan would terminate coverage of a participant or beneficiary not receiving continuation coverage (such as fraud).

How do you elect COBRA Continuation Coverage?

To elect continuation coverage, you must complete an election form and return it to Human Resources. Each qualified beneficiary has a separate right to elect continuation coverage. For example, the employee's spouse may elect continuation coverage even if the employee does not. The employee can elect continuation coverage on behalf of a qualified spouse. A parent, the employee or his or her spouse may elect to continue coverage on behalf of any dependent children. Continuation coverage may be elected for only one, several, or for all dependent children who are qualified beneficiaries.

In considering whether to elect continuation coverage, you should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your spouse's employer) within 30 days after your group health coverage ends because of the qualifying event. You will also have the same special enrollment right at the end of continuation coverage if you get continuation coverage for the maximum time available to you.

When key parts of the health care law take effect, you'll be able to buy coverage through the Health Insurance Marketplace. In the Marketplace, you could be eligible for a new kind of tax credit that lowers your monthly premiums right away, and you can see what your premium, deductibles, and out-of-pocket costs will be before you make a decision to enroll. Being eligible for COBRA does not limit your eligibility for coverage for a tax credit through the Marketplace. Additionally, you may qualify for a special enrollment opportunity for another group health plan for which you are eligible (such as a spouse's plan), even if the plan generally does not accept late enrollees, if you request enrollment within 30 days.

IMPORTANT INFORMATION ABOUT YOUR INSURANCE RIGHTS

IMPORTANT NOTICE ABOUT YOUR PRESCRIPTION DRUG COVERAGE & MEDICARE

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- Public Sector Health Care Group has determined the United medical plans, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered creditable coverage. Because your existing coverage is creditable coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

HIPAA BASICS - YOUR RIGHT TO PRIVACY

In April 2003, the final regulations that place restrictions on how personally identifiable health information (PHI) may be used and disclosed by certain organizations became effective.

These regulations (the Privacy Rules) implement the privacy requirements contained within the Administrative Simplification subtitle of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). While some states have laws that protect health information, the HIPAA Privacy Rules establish a uniform, minimum level of privacy protections for all health information. In summary, the HIPAA Privacy Rules:

- Set limits on how health information may be used and disclosed
- Require that individuals be told how their health information will be used and disclosed
- Provide individuals with a right to access, amend or copy their medical records
- Give individuals a right to receive an accounting of disclosures, to request special restrictions, and to receive confidential communications
- Impose fines where the requirements contained within the regulations are not met

PATIENT PROTECTION MODEL

Health insurance companies generally require the designation of a primary care provider for services and claims to be covered. You have the right to designate any primary care provider who participates in your selected plan's network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider.

If you do not choose a primary care physician upon enrolling in a health insurance plan, the insurance company may randomly designate one for you. Some insurance plans will not cover any claims or services if you see a primary care physician or specialist that is not assigned to you and the correct referral process followed.

For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your group administrator.

If you're nearing retirement age, or are over 65 and still working, you may have questions about Medicare.

WHAT IS MEDICARE?

Medicare is health insurance for people age 65 or older, under 65 with certain disabilities, or any age with End-stage Renal Disease (permanent kidney failure).

Types of Medicare

There are four types of Medicare.

Medicare Part A helps cover inpatient care in hospitals, skilled nursing facilities, and hospice and home health care. Generally, there is no monthly premium if you qualify and paid Medicare taxes while working.

Medicare Part B helps cover medical services like doctors' services, outpatient care and other medically necessary services that Part A doesn't cover. You need to enroll in Medicare Part B and pay a monthly premium determined by your income, along with a deductible.

Many people also purchase a supplemental insurance policy, such as a Medigap plan, to handle any Part A and B coverage gaps.

Medicare Advantage Plans, also known as Medicare Part C, are combination plans managed by private insurance companies approved by Medicare. They typically are a combination of Part A, Part B and sometimes Part D coverage, but must cover medically necessary services. These plans have discretion to assign their own copays, deductibles and coinsurance.

Medicare Part D is prescription drug coverage and is available to everyone with Medicare. It is a separate plan provided by private Medicare-approved companies, and you must pay a monthly premium.

Getting Started

Medicare sends you a questionnaire about three months before you're entitled to Medicare coverage. Your answers to these questions, including whether you have group health insurance through an employer or family member, help Medicare set up your file and make sure your claims are paid correctly.

Coordination of Coverage

If you have Medicare and another type of insurance, the question of who should pay or who should pay first can be tricky. For example, generally a group health plan would pay before Medicare, but there are several exceptions. Visit www.medicare.gov for additional information.

IMPORTANT INFORMATION ABOUT YOUR INSURANCE RIGHTS

WHAT IS "BALANCE BILLING" (SOMETIMES CALLED "SURPRISE BILLING")?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

"Out-of-network" describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called "balance billing." This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care. For example, this can happen during an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

You are protected from balance billing for:

Emergency Services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You can't be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for the post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers can't balance bill you and may not ask you to give up your protections not to be balance billed.

If you get other services at these in-network facilities, out-of-network providers can't balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get care out-of-network. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles, that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
 - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed, you may contact: Department of Health and Human Services at 1-800-985-3059.

Visit <https://www.cms.gov/nosurprises/consumers> for more information about your rights under federal law.

This summary of benefits is not intended to be a complete description of the terms and insurance benefit plans. Please refer to the plan document(s) for a complete description. Each plan is governed in all respects by the terms of its legal plan document, rather than by this or any other summary of the insurance benefits provided by the plan. In the event of any conflict between a summary of the plan and the official document, the official document will prevail.
